- Wheelchairs for purchase

Out-of-State Pre-authorizations

- Inpatient & Outpatient Services

For pre-authorization of services, providers should contact HMP at www.preauthonline.com. Requests for out-of-network referrals must be made prior to receiving care from the provider in order for you to receive the highest level of benefits (75%/25%).

Facilities

An out-of-state pre-authorization is required prior to services being received from these facilities.

Emergency Care

When traveling out-of-state and emergency services are required, a call to HMP must be made within 48 hours to retro-authorize an in-patient admission.

Dependents Residing In Other States

There are no changes to pre-authorization requirements for dependents (college students) residing in other states.

Requests for out-of-state care will be declined if the patient care can be provided safely and cost effectively in South Dakota. Out-of-network benefits (65%/35%) will be applied to services received out-of-state if out-of-state care is not pre-authorized by HMP.

Out of Country Pre-Authorization

If you are traveling out of the country and need pre-authorization, please place a collect call to 1.605.333.0200.

For pre-authorization requirements, visit <http://benefits.sd.gov>, click Active Employee, scroll over Forms/Documents, and click Summary Plan Descriptions.
