

ELIGIBLE PREVENTIVE MEDICATIONS

The Plan covers qualified preventive prescription and over-the-counter (OTC) products as listed in the table below. These medications will be covered at 100% when the member meets the preventive care guidelines. All medications require a prescription from a provider and must meet the definition of qualified preventive care as defined under ELIGIBLE PREVENTIVE CARE.

ELIGIBLE PREVENTIVE MEDICATIONS

Preventive Service/Item	Requirements
Aspirin to prevent cardiovascular events	Men age 45 to 79 and Women age 55 to 79 where the benefit outweighs potential risk.
Breast cancer medications to reduce risk	Medications such as tamoxifen or raloxifene for women at increased risk for breast cancer.
Fluoride supplements	Children age 6 months to 5 years with a fluoride deficient water supply.
Folic acid supplements	Women through age 50 years.
Iron Supplements	Children age 6 to 12 months who are at risk for iron deficiency.
Smoking Cessation	Members may utilize the South Dakota QuitLine resources for product coverage. Select Rx products covered by the Plan.
Vitamin D Supplement	Men and women 65 years of age or older at risk for falls.
Bowel Preparations for Preventive Colonoscopy	Men and women between 50 and 75 years of age. Limit 2 preparations per year under preventive benefit.
Women's Services/Contraception	Contraceptive methods approved by the Food and Drug Administration (FDA) covered for women through age 50 years. Generic and select brand name medications included.

Medications listed above will be processed through pharmacy benefit or may be submitted for preventive service coverage using the medical claim form found at <http://benefits.sd.gov/Forms.aspx> and choosing Preventive Medications under claim form. The claim form along with the provider prescription and a receipt for the product must be submitted in order to be reimbursed.
