BENEFIT PAYMENT EXAMPLE

Kathy's daughter, Molly, plays soccer on the varsity high school team. During a recent game, she collided with an opposing player, was knocked unconscious and taken to the local emergency room by ambulance for treatment. The ER doctor diagnosed a concussion and a broken tooth. He ordered a CT scan to check for facial fractures too, since Molly's face was very swollen. Molly was released to her primary care physician for follow-up treatment, and her dentist repaired her broken tooth with a crown. Depending on her health insurance, Kathy's out-of-pocket costs could run into hundreds of dollars to cover expenses like insurance co-payments and deductibles. MetLife Group Accident Insurance payments can be used to help cover these unexpected costs.
