

Finding an INSIGHT In-Network Vision Provider with EyeMed

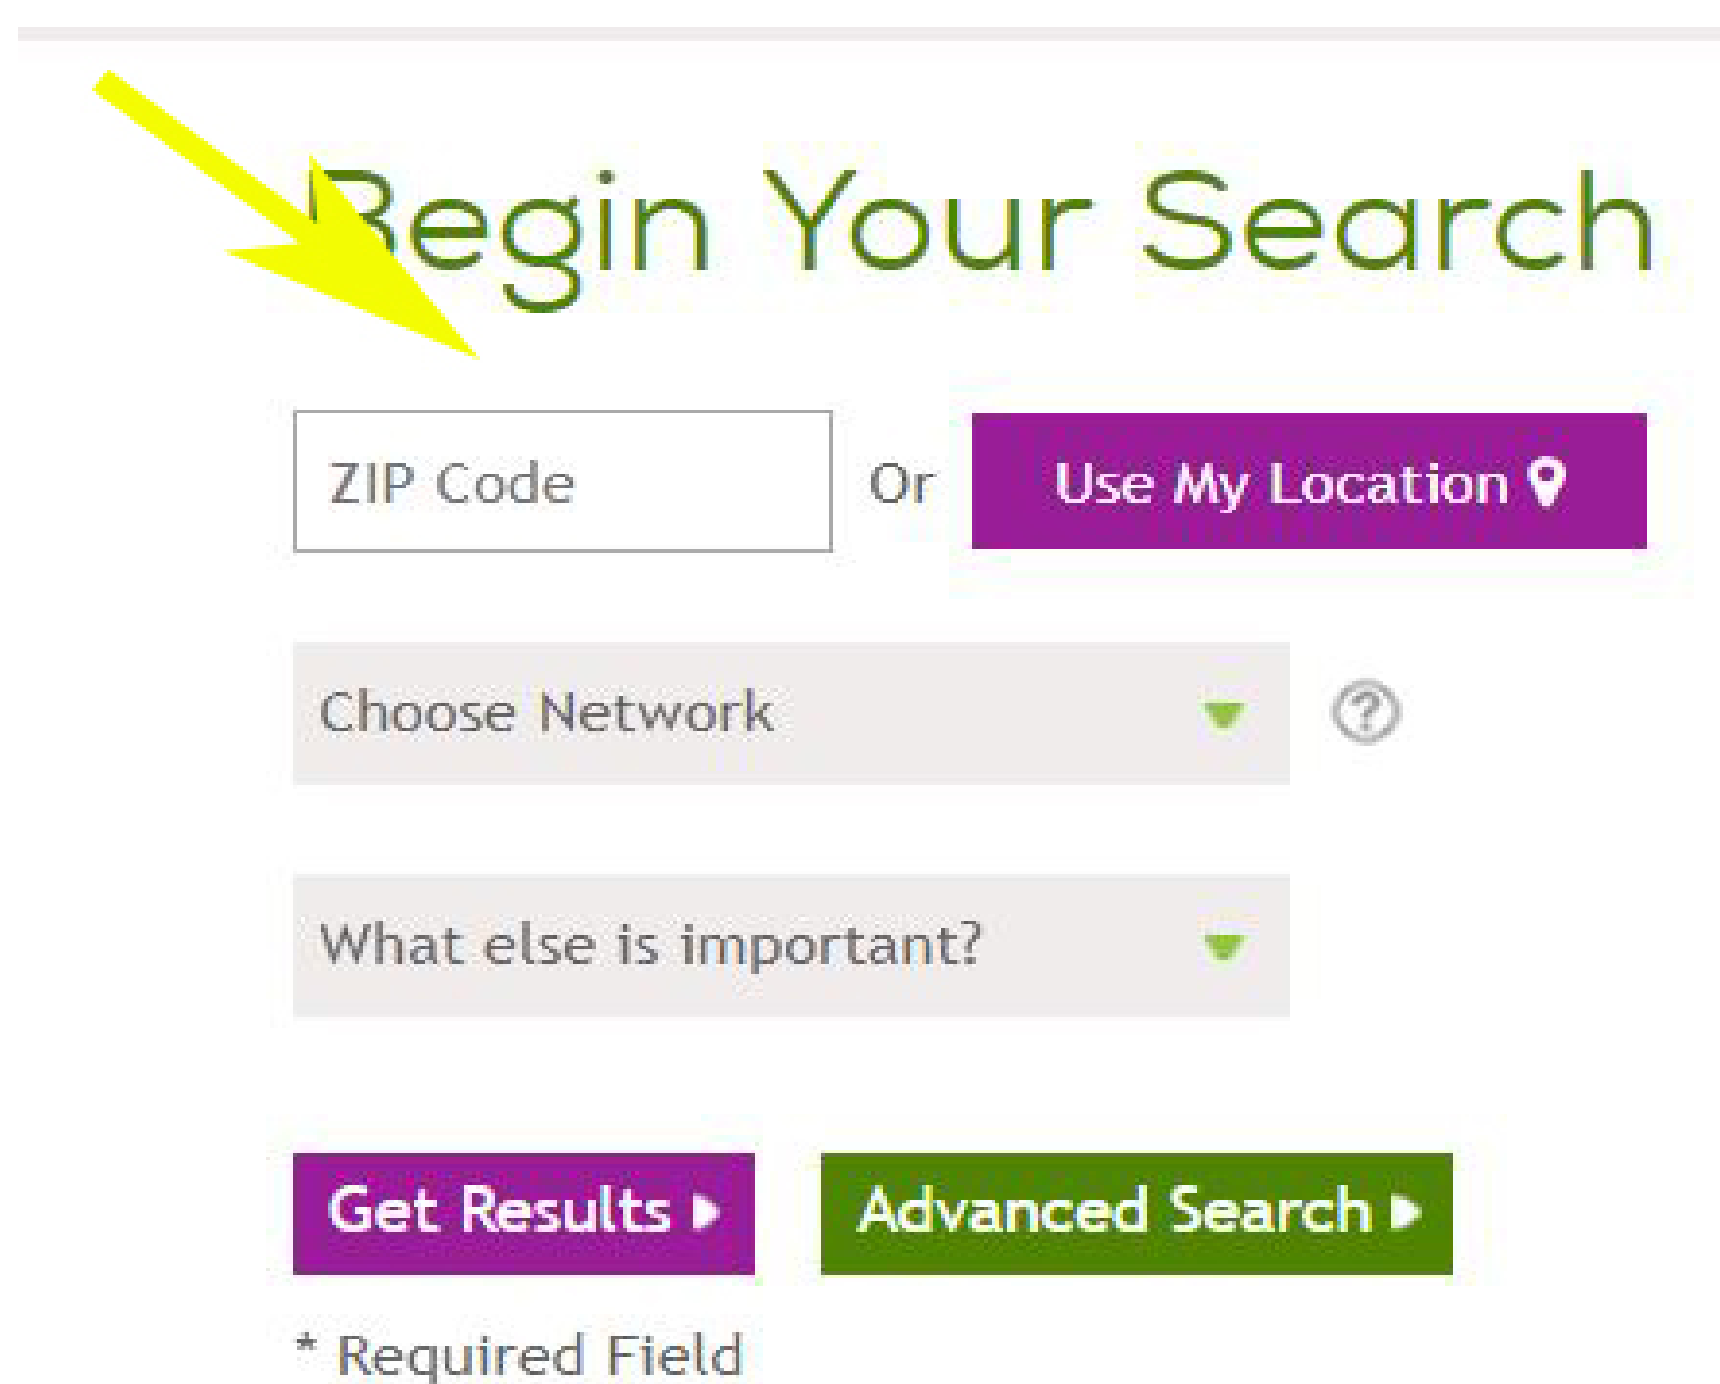

1. Locating an in-network provider with EyeMed is easy! Simply go to <http://enroll.eyemed.com> and click on "Find a Provider" on the top menu bar.

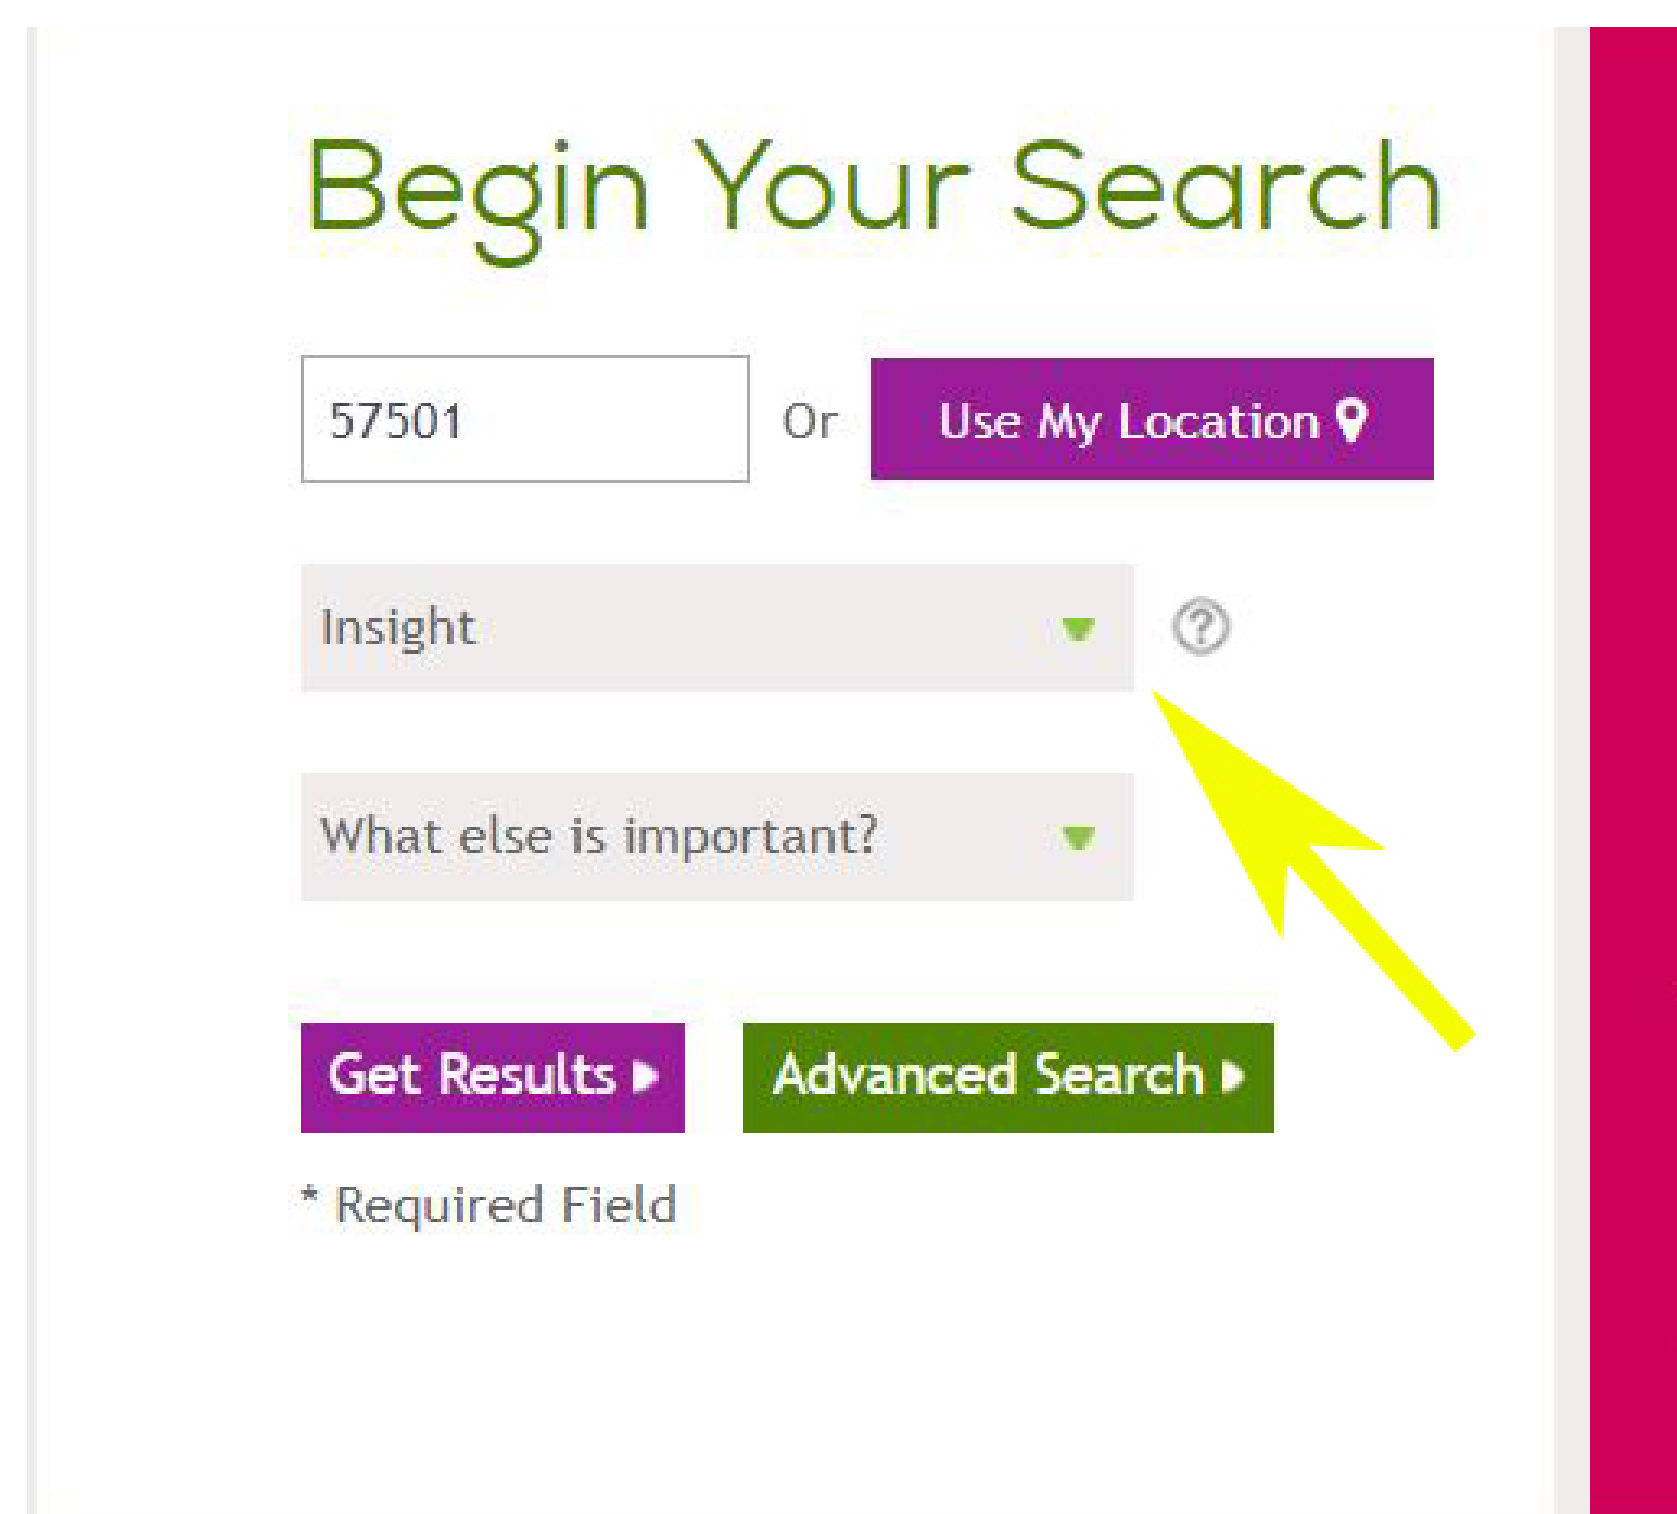

2. This will take you down the page to the Find a Provider button. Click it!

3. Next, you can either click "Use My Location", or enter in your zip code.

4. Select "Insight" to see all available in-network providers. Once you have selected everything you'd like, click on "Get Results."

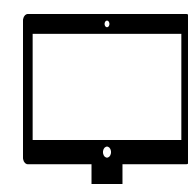

5. This will take you the closest options available. **While Walmart Vision Centers will not show up, please remember that they are in-network.**
